

SKIN ELEMENTS LIMITED
CORPORATE GOVERNANCE STATEMENT
NOVEMBER 2019

The Board of Skin Elements Limited (The Company) is responsible for the corporate governance of Skin Elements Limited and its subsidiary companies. The Board determines all matters relating to the strategic direction and governance, policies, practices and management of the Company in the best interests of shareholders, stakeholders, clients and employees.

To the extent that they are applicable, the Company has adopted the ASX Corporate Governance Council's Principles and Recommendations (**ASX Principles and Recommendations**).

Commensurate with the spirit of the ASX Corporate Governance Principles and Recommendations, the Company has followed each ASX Corporate Governance Recommendation where the Board has considered it to be an appropriate benchmark for corporate governance practices, taking into account factors such as the size of the Company and the Board, the resources available and the activities of the Company. Where, after due consideration, the Company's corporate governance practices depart from the ASX Corporate Governance Recommendations, the Board sets out below its "if not, why not" report.

Corporate governance policies and practice of the Company are reflective of the Company's current position. As the Company's activities develop in size, nature and scope, the Board will reconsider and review the Company's corporate governance structures. Copies of the Company's corporate governance policies are available on the website.

Structure & Role of the Board

The Board operates pursuant to a formal Board charter, which sets out the functions and responsibilities of the Board and management of the Company, and is available in the corporate governance section of the Company's website.

The skills, experience and expertise relevant to the position of each Director who is in office at the date of the annual report, including their term of office, are detailed in the Directors' Report.

The Board of the Company is responsible for:

- (a) the overall operation and stewardship of the Company and its subsidiaries;
- (b) charting the direction, strategies and financial objectives for the Company; and
- (c) monitoring the implementation of those policies, strategies and financial objectives,

and is committed to protecting and enhancing shareholder values and conducting the Company's business ethically and in accordance with the highest standards of corporate governance.

Each of the Directors, when representing the Company, must act in the best interests of the shareholders of the Company and in the best interests of the Company as a whole.

A Director is considered to be independent where he or she is a non-executive Director, is not a member of management and is free of any relationship that could, or could reasonably be perceived to, materially interfere with the independent exercise of his or her judgment. Directors are expected to bring independent views and judgement to the Board's deliberations. The Board Charter requires that the majority of the Directors of Skin Elements Limited will be non-executive (preferably independent) Directors. The Chair is an executive Director. The existence of the following relationships may affect the independent status if the Director:

- is a substantial shareholder of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company (as defined in section 9 of the Corporations Act);
- is employed, or has previously been employed, in an executive capacity by the Company, and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- has within the last three years been a principal of a material professional adviser or a material consultant to the Company, or an employee materially associated with the services provided;
- is a material supplier or customer of the Company, or an officer of, or otherwise associated directly or indirectly with, a material supplier or customer; or
- has a material contractual relationship with Skin Elements Limited other than as a Director.

In the context of Director independence, "materiality" is considered from both the Company and individual Director perspective. The determination of materiality requires consideration of both quantitative and qualitative elements. An item is presumed to be quantitatively immaterial if it is equal to or less than 5% of the appropriate base amount, being the monetary value of the transaction or item in question. It is presumed to be material (unless there is qualitative evidence to the contrary) if it is equal to or greater than 10% of the appropriate base amount. Qualitative factors considered include whether a relationship is strategically important, the competitive landscape, the nature of the relationship and the contractual or other arrangements governing it.

In accordance with the definition of independence above, and the materiality thresholds set, the Board reviewed the positions and associations of each of the Directors in office at the date of this statement and considers that all of the Directors are independent as follows:

Name	Position
Peter Malone	Executive Chairman
Filippo (Phil) Giglia	Non-Executive Director / Chairman of the Audit and Risk Committee and Nomination and Remuneration Committee
Craig Piercy	Executive Director / Company Secretary

The Board will assess the independence of new Directors upon appointment, and the independence of other Directors, as appropriate. To facilitate independent judgement in decision-making, each Director has the right to seek independent professional advice at the expense of the Company. However, prior approval from the Chair is required, which may not be unreasonably withheld.

The term in office held by each Director in office at the date of this statement is as follows:

Name	Term in office
Peter Malone	Appointed: 4 September 2015 – no fixed term
Filippo (Phil) Giglia	Appointed: 23 November 2017 – no fixed term
